

Angela Zimmerman

Sometimes I wax contemplative in these newsletters; this month I can just say that I recognize that many times my news is about slowness—how changes happen slowly.

So I will just tell you a few things that are part of the slowness of this month ;)

- UDG seminar on seed germination
- Took some youth to a vocational resource center and a Christian conference on “teenage obsessions”.
- Spread manure in my greenhouse, sowed tomato and pepper seeds with a farmer who will grow the seedlings for me.
- Ran around fixing my car—new windshield, another transmission, inspection, wheel alignment.
- Started financial training with Igor and Vera, dairy farmers—this week the writing of a business plan.
- Visited grannies.

- Did an interview for staff evaluating a USAID ag project.

- Got to ice skate twice before the pond melted.
- Enjoying a ladies Bible study (first open discussion study here in Vad!)
- Visited my friend Snejana for prayer and encouragement (she is a Moldovan in local ministry).
- Provided transport for a Covid test, grocery run for an older lady, church service for another who can't walk well.
- English class each week.

So if you fill in the gaps with emails, cleaning, cooking, prayer and people and God-time, you have a pretty fair idea of what I do. Of course, it will be a little different in 2 weeks, with Les coming and then tomatoes to farm...it's a wild ride!

I'm thankful that God knows the way forward—we take the next step and keep our eyes on the Son.

PRAISES!

- **Stas, Aia and their family have recovered from Covid**
- **My digestion is more peaceful :)**
- **God's work in the hearts of women and girls in my church!**

PRAYER POINTS

- **Continued wisdom and safety for the house construction crew in Maximovca.**
- **For Igor and Vera to understand the value of record-keeping**
- **Prep for Les' visit and UDG ag training during that time.**

Seed germination lecture

2,300 tomato seeds later...

I so desperately wanted to pet this woman's hat!!

Grannies are just great for selfies.
